1. What were some of the messages Jackie shared?

**2. A person's source of strength can come from many places.
Where do you think you get your strength?**

3. It takes strength and courage to step up as a leader. Jackie said she has never been afraid to speak up or step in when someone was going down the wrong path. Have you ever stepped in to help someone at work “not to go down a wrong path” or has someone done this for you? How did it make you feel? What impact do you think it had on results?

4. It takes courage to include others who you are not familiar or comfortable with. Can you give an example of how being inclusive has improved your work team, your department, or our organization?

5. The video referenced how companies could prosper when team members work together and listen to one another. What could each of us do to improve our ability to work together?
