

Pre-Application Report Request Form

Section 466.45 of Part 466 provides for a pre-application report for proposed projects less than 10 MW. The report will commence upon submittal of this completed form and payment of the \$300 fee.

1. Project contact information, including name, address, phone number and email address:
Name: _____ Address: _____
Phone: _____
Email: _____

2. Project Name and Location (street address with nearby cross streets and town):
Project Name: _____
Address: _____ Other Info: _____

3. Identify the proposed point of interconnection by **providing a map**, the footprint of the installed generation and the street address along with the nearest cross street. If available, a meter number or pole number or other equivalent information: _____

4. Generator type (e.g., solar (fixed or tracking), wind, combined heat and power, battery storage/inverter system and fuel cells): _____

5. Size (alternating current kW): _____

6. Single or three phase generator configuration: _____

7. Is new electric service is required for the site? Yes No
If there is existing electric service at the site, provide:
Customer account number: _____
Min/Max current or proposed electric loads (in kW): _____
Expected load change from current level (in kW): _____
Timing of load changes: _____

8. The number and capacity of unit(s) to be interconnected: _____

9. Estimated in-service date: _____
 - Submit this form to renewablesillinois@ameren.com
 - Or mail to: Ameren Illinois Attn: Ameren Illinois Net Metering Coordinator 6 Executive Dr, Collinsville, IL 62234
 - For questions, please email renewablesillinois@ameren.com
 - For payment by check, the \$300 fee should be made out to "Ameren" and should include reference to the project on the memo line of the check.
