**KEY FOR STATUS**

Status	Definition
<b>Application Received</b>	App Received Successfully- Ameren is reviewing
<b>SR Application Processing</b>	Solar Rebate Appp received/Installer has not submitted Interconnection Application
<b>Flaw Technical Review</b>	App incomplete-Installer to complete all requirements
<b>Tech Review Flaw - Corrected</b>	Received additional information-Ameren reviewing
<b>NM/QF Application Processing</b>	Interconnection application received-installer to provide requested missing docs/information
<b>Ready for ERB</b>	Application complete and ready for Ameren Engineer to review
<b>ERB Design Review</b>	Engineer is currently reviewing application
<b>Flaw ERB Design</b>	Engineer has question/issue with design-Installer to provide information
<b>ERB Design Re-submitted</b>	Ameren has received revisions and currently reviewing
<b>Install</b>	Application is approved to be installed
<b>Ready to Order Meter</b>	Ameren has received Sections E/F and inspection if applicable and will order meter.
<b>Flaw BDM</b>	Ameren has found issues/Installer to correct
<b>BDM Flaw Corrected</b>	Ameren has received notification of corrected issue and is reviewing
<b>Bi-Directional Meter Install</b>	Ameren has ordered Bi-directional meter
<b>Payment Processing</b>	Meter is installed and rebate sent for payment
<b>W9 Validation</b>	W9 is validating. Application will stay in this status until successful validation.
