

**Outdated Ventilator**

**Outdated Motor**

**Outdated Lighting**

**DON'T LET OLD EQUIPMENT COST YOU MONEY**

The **Ameren Illinois Energy Efficiency Program** offers generous incentives to help your facility reduce its energy costs, maximize equipment life, and boost your bottom line.

51256

### **DEMAND CONTROLLED VENTILATION**

HVAC systems account for up to 40% of energy used in businesses. **Demand controlled ventilation (DCV) can save up to \$1.00 per square foot each year!**

### **MOTOR EFFICIENCY**

Variable frequency drives (VFDs) allow motors to adjust their output based on actual demand. **Decreasing motor speed by only 25% can save your facility up to 50% in energy costs!**

### **LIGHTING**

**LED lighting uses up to 80% less energy and lasts up to 25 times longer** than many other types of lighting. Upgrade to LEDs, you'll see savings and reduced maintenance costs for years to come.

Ameren Illinois will add an additional bonus to your incentive when you complete your project early\*!

**To learn more and see if your facility qualifies, visit**

***AmerenIllinoisSavings.com/Bonus*** or call **1.866.800.0747**

\* Only non-residential Ameren Illinois customers are eligible to receive incentives and bonus dollars. Please see the website for a complete list of bonus details and exclusions.
